The Doctor told him that his wife needed change of climate. Soon as he discovered the change was necessary he also discovered that he did not have the change to make the change. He also found that if he had the change he could give it to his wife without sending her to another climate for change and that would be cheaper. The only change they could think of was in their minds, so they changed their minds for a change.—Exchange.

One of our valued Richmond exchanges in congratulating a young man on securing a position in a grist mill declares he

"has a future before him." It may astonish some that there is a future "before" anybody, but it is a fact. No one has his future behind him except a lobster. Cynthia Democrat.

The editor was busy when asked, "How are the markets?" He was referred to the office wit, who looked wise and said: "Young men unsteady; girls, lively and in demand; papas, firm but declining; mamas, unsettled, but waiting for higher bid; coffee, considerably mixed; fresh fish, active and slippery; wheat, a grain better than barley; eggs, quiet but expected to open shortly; whisky is still down; onions, strong and rising; bread stuff, heavy; boots and shoes, those on the market are solid and constant going up and down; hats and caps, not as high as last year except foolscap, which is stationary; tobacco very low and has a downward tendency; silver, close, but not close enough to get hold of; cheese, very lively.

The 1901 R. Hicks 1901 Almanac.

Whatever may be said of the scientific causes upon which the Rev. Irl R. Hicks based his yearly forecasts of storm and weather, it is a remarkable fact that specific warnings of every great storm, flood, cold wave and drouth, have been plainly printed in his now famous Almanac for many years. The startling proof of this fact was the destruction of Galveston, Texas, on the very day named by Prof. Hicks in his 1900 Almanac, as one of disaster by storm along the gulf coasts. The 1901 Almanac, by far the finest, most complete and beautiful yet published, is now ready. This remarkable book of near two hundred pages, splendidly illustrated with charts and half-tone engravings, goes as a premium to every subscriber who pays one dollar a year for Prof. Hicks' journal, WORD AND WORKS. The Almanac alone is sent prepaid for only 25c. Order from WORD AND WORKS Publishing Company, 2201 Locust Street, St. Louis, Mo.

There is nothing more remarkable in history than the inistatements.

Every discriminating person will say that The Biggle books advertised in this issue of the Times, contain a greater amount of condensed, common sense, well arranged information than any books they have seen relating to these important branches of farm industry. The price of each is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia, Pa.

Secretary of State Hill is arranging for the compilation, printing and distribution of 50,000 copies of the new election laws.

Judge James E. Cantrill confirms the report that he is a candidate for the Democratic nomination for United States Senator.

The wheat crop of the United States for last year is estimated at 522,229,505 bushels. The production of corn for the same period is estimated at 2,105,102,516 bushels.

The annual report of R. G. Durbin shows that the country failed to pay its debts for the year 1900.

The amount of liabilities this year is \$140,207,444, as against \$89,202,750 last year.

Waterworks For Mt. Sterling. On yesterday the deal for the electric ice and gas plant was closed and the contract made. Work in construction of line of for waterworks will begin in a few days. The main line will be laid first, being completed this

winter. The stand pipe will soon be erected, material now being enroute. Pipe will be laid in the city in the early spring. Water will be brought from Howard's Mill.—Mt. Sterling Advocate.

Some cowardly scoundrell shot into Prof. Moore's residence one night this week, with the intention, no doubt, of inflicting bodily injury upon some of the family. It has not been very long since Prof. was shot through the shoulder while asleep in bed, by some one on the outside. It is hard to believe there are people in this community who will do such deeds as this. Prof. Moore's residence has fired into three times since Christmas.—Jackson Hustler.

State Inspector Hines completed an examination of the books of the Treasurer and Auditor and made reports to Gov. Becham showing a satisfactory condition of State finances. The reports show a Treasury balance of \$815,711.77 at the close of business December 31. The reports set at rest the rumors of a necessity for an extra session of the General Assembly.

Why Will Some People Not Learn? The Maysville Ledger says a number of Mason county blacksmiths and country merchants have been victimized by an oily tongued individual who denounced the trust and claimed to represent a wholesale hardware house in Chicago. He sold large orders on which he collected ten per cent. of the price "as a guarantee of good faith."

Of course the purchasers will never receive the goods and thus a few more unsuspecting individuals have paid dearly to learn which the county paymaster has been trying for years to teach, and that is: Never under any circumstances pay in advance money to strangers, and deal only with the home merchants or those known to be reliable. Remember a sucker is born every minute. See to it that you do not allow yourself to be placed in that class.

One way to get rid of creditors is to pay them.

Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are filling graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan.: "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything. In fact was miserable. I have taken four bottles of Wine of Cardui, with Thedford's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."
